The image shows two side-by-side screenshots of the Khan Academy Teacher Tools interface. The left screenshot displays the 'Class overview' page for Erin Reece, featuring a 'Getting started' section with three cards: 'Add students to your class', 'Assign a unit mission', and 'Set Gem Challenge reward'. Below this is a 'Class performance' section with 'Last week's progress' and 'August Gem Challenge' cards. The right screenshot shows the 'Teacher tools' page, which lists various AI-powered tools categorized by function: Create (Blooket generator, Class newsletter, IEP assistant), Differentiate (Chunk text), Plan (Class snapshot, Exit ticket, Informational text, Learning objectives), and Support (Discussion prompts). Each tool card includes a brief description and a heart icon for favorites. Both screenshots include a sidebar with navigation options like Dashboard, My Classes, Assignments, Roster, Reports, Class Settings, Browse Subjects, and Teacher Tools.

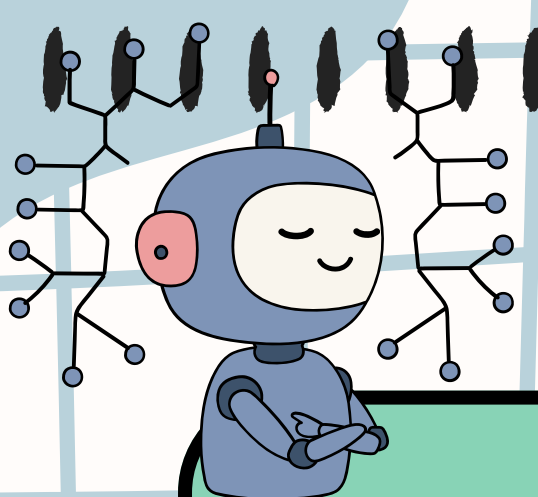

Fun fact: You can import from Google Classroom
and Microsoft Teams
